USES : Portable and handheld for walking, hiking and backpacking. Plan a route, record a route or get coordinates on a map.

FEATURES : The Garmin® eTrex® 30x Handheld GPS is equipped with an advanced 3-axis tilt-compensated electronic compass which shows your heading even when you're standing still, without holding it level. A barometric altimeter function allows you to track pressure changes to keep track of your precise altitude, or to plot readings over time.
